

GTI AXIS SUMMIT 2022 PROGRAM

The theme of the 2022 GTI Axis Education Summit is **“Revive, Refresh and Regenerate. Education in the Post-Pandemic Era”**.

The key question that will be addressed during the Summit is: **How do we revive, refresh and regenerate the education system to adequately adjust to the learning demands of the post-pandemic 21st-century era?** This theme is a call for participants to debate, examine and create solutions to reinvigorate learning in the South African schooling system. The call to revive, refresh and regenerate education is also an invitation to develop short, medium and long term solutions to the challenges brought about by COVID-19 and other shocks that have caused damage to the schooling system in the country.

WEDNESDAY, 13 JULY 2022
